## PROFILE

Web designer with four years experience seeking for a job where I can work on a team to create a web presence for a group or company

## EDUCATION

**Framingham State University** Framingham, MA

Candidate for *Bachelor of Science in Computer Science*,

May 2016

Currently in my sophomore year of college with a cumulative 3.14/4.0 GPA

## SKILLS

Certified in Adobe Dreamweaver, fluent in HTML and CSS, basic knowledge of Drupal, moderate knowledge of Squarespace, and retail/customer service experience.

## EXPERIENCE

**Web Developer Intern at Framingham Downtown Renaissance**

Framingham, MA

January 2014

Worked on a team with two other interns to create an easy to use desktop and mobile website for Framingham Downtown Renaissance. Duties included all development, writing CSS3, HTML5, and using Squarespace developer edition.

**Website Maintenance for Human Resources, Wellesley College**

Wellesley, MA

May 2011 to November 2012

Duties included maintaining the Human Resource's website and keeping all employee benefits information up to date. Other duties were creating web pages for the events created by the Human Resource department.

### Accomplishments

- Created the HealthyYou Initiative page
- Transitioned the website through a server change
- Created the HealthAdvocate page and graphics

**Web Developer at The Seat Swap, Inc.**

Natick, MA

February 2010 – May 2011

Duties included creating and maintaining The Seat Swap's website.

"The Seat Swap is a new and unique, 501c3 nonprofit that allows children throughout Massachusetts, who are emotionally, financially, or physically unable to afford tickets on their own, to attend Major League sporting events."
